Governor Brown proposed a budget plan for the next fiscal year that will increase spending on K–12 and higher education, and modestly increase spending on health and human services, prisons, and courts. The plan includes $11 billion to pay down the state’s debt including repayment of previously deferred payments to K–12 schools and paying off economic recovery bonds that were passed in 2004 to balance the budget. The plan puts $1.6 billion into the state’s rainy day fund and includes no new taxes. In general, do you favor or oppose the governor’s budget plan?
