

Californians and Their Government—February 2026

Full Crosstabs—All Respondents

Methodology Note:

Findings are based on a survey of 1,657 California adult residents, conducted online using the Ipsos KnowledgePanel. Interviews were conducted in English and Spanish according to the respondents' preferences. The median time to complete the survey was 14 minutes. Interviewing took place from February 3—11, 2026.

The sampling error, taking design effects from weighting into consideration, is ± 3.1 percent at the 95 percent confidence level for the total unweighted sample of 1,657. This means that 95 times out of 100, the results will be within 3.1 percentage points of what they would be if all adults in California were interviewed. The sampling error for unweighted subgroups is larger. Sampling error is only one type of error to which surveys are subject. Results may also be affected by factors such as question wording, question order, and survey timing.

If you have any questions or require additional information regarding this survey, please contact surveys@ppic.org

Note:

For questions related to the 2026 elections and the initiative process (Q22–Q34), please refer to the Public Crosstabs–Likely Voters document.

As you may know, in 2021 Congress increased the financial help provided through tax credits available to some people with low and moderate incomes who purchase health insurance through the Affordable Care Act marketplace to help them afford their premium payments. These enhanced tax credits expired at the end of 2025. Do you think Congress did the right thing or the wrong thing by not extending these enhanced tax credits?	right thing	33%	35%	30%	30%	26%	36%	34%	32%	26%	37%	25%
	wrong thing	62%	64%	68%	67%	67%	63%	64%	63%	67%	61%	71%
