

# Californians and Their Government—June 2025

## Full Crosstabs—All Respondents

### Methodology Note:

Findings are based on a survey of 1,591 California adult residents, conducted online using the Ipsos KnowledgePanel. Interviews were conducted in English and Spanish according to the respondents' preferences. The median time to complete the survey was 11.4 minutes. Interviewing took place from May 22—29, 2025.

The sampling error, taking design effects from weighting into consideration, is  $\pm 3.3$  percent at the 95 percent confidence level for the total unweighted sample of 1,591. This means that 95 times out of 100, the results will be within 3.3 percentage points of what they would be if all adults in California were interviewed. The sampling error for unweighted subgroups is larger. Sampling error is only one type of error to which surveys are subject. Results may also be affected by factors such as question wording, question order, and survey timing.

If you have any questions or require additional information regarding this survey, please contact [surveys@ppic.org](mailto:surveys@ppic.org)

<p><b>Q13. Governor Newsom recently released a revised budget plan for the next fiscal year that includes \$226.4 billion in general fund spending and a \$11.9 billion shortfall. The governor's proposal—which also revises the existing budget—makes investments in climate resiliency, higher education and K-12 resources, and fully funds transitional kindergarten, but also has reductions in health and human services. The plan also pulls \$7.1 billion from the state's reserves. In general, do you favor or oppose the governor's budget plan?</b></p>	favor	41%	37%	48%	42%	41%	46%	39%	52%	56%	41%	46%
