Californians and Their Government—December 2023
Full Crosstabs – Likely Voters Only

Methodology Note:

Findings are based on a survey of 1,660 California adult residents, conducted online using the Ipsos KnowledgePanel. Interviews were conducted in English and Spanish, according to the respondents' preferences. The median time to complete the survey was 22 minutes. Interviewing took place from November 9–16, 2023.

These crosstabs are based on a subgroup of 1,113 likely voters. The sampling error, taking design effects from weighting into consideration, is ±3.8 percent at the 95 percent confidence level for the unweighted sample of 1,113 likely voters. The sampling error for unweighted likely voter subgroups is larger. Sampling error is only one type of error to which surveys are subject. Results may also be affected by factors such as question wording, question order, and survey timing.

If you have any questions or require additional information regarding this survey, please contact surveys@ppic.org

Q13. Proposition 1 is the behavioral health services program and bond measure. It renames the Mental Health Services Act of 2004 to the Behavioral Health Services Act, and expands its purpose and funding to include substance abuse disorders and housing intervention programs. It authorizes $6.38 billion in state general obligation bonds to fund housing for homeless individuals and veterans with mental health or substance abuse disorders. If the election were today, would you vote yes or no on Proposition 1? yes	68%	85%	40%	66%	91%	64%	45%	67%	65%	73%	67%	68%
