

# PPIC SPONSORSHIPS

## Sponsors of the PPIC Speaker Series on California’s Future support a dynamic dialogue on the state’s critical issues.

This series features thoughtful conversations with distinguished leaders in front of a large—and growing—audience. Recent speakers include California’s senior congressional leadership, state constitutional officers, and other high-profile thought leaders.

These free, accessible events highlight perspectives from across the political spectrum for wide-ranging discussions of timely, critical issues affecting our state. The PPIC Speaker Series draws a diverse, engaged, and well-connected audience—from elected officials to heads of corporate and governmental organizations to leaders in the nonprofit and philanthropic communities. Increasingly popular both live and online, these events draw thousands of visitors annually.

Supporting the PPIC Speaker Series on California’s Future is an excellent opportunity to connect with a broad community of policymakers and other leaders. Your support allows PPIC to hold these events free of charge to the community, reaching new audiences concerned about the direction of the state.
