

Californians and Education April 2022

Time Trends – Likely Voters

Methodology Note:

Findings for April 2022 are based on a survey of 1,591 California adult residents, conducted online using the Ipsos KnowledgePanel. Interviews were conducted in English and Spanish according to the respondents' preferences. The median time to complete the survey was 20.2 minutes. Interviews were completed from March 30–April 13, 2022.

The April 2022 sampling error for the 1,059 likely voters, taking design effects from weighting into consideration, is ± 3.9 percent. Sampling error is only one type of error to which surveys are subject. Results may also be affected by factors such as question wording, question order, and survey timing.

If you have any questions or require additional information regarding this survey, please contact surveys@ppic.org
